AN APOLOGY**FROM THE****WORLD POLICE & FIRE GAMES FEDERATION**

The 1997 World Police & Fire Games were the largest ever. Nearly 9000 athletes registered in over 22,000 separate events.

While the WPFGE Federation believed that the Games would be successful, we underestimated the number of medals needed. Even with what was considered a comfortable margin of 10%, the Host was "short" by over 300 medals.

The Federation sincerely regrets the disappointment and inconvenience our error has caused for many of our participants. By the time of publication, all medals should be in the hands of those athletes concerned.

We wish to assure all of our competitors that this problem has been addressed and should not happen again in the future.
