## General Information

### Guiding Bodies

World Police and Fire Games Federation (WPFGF)  
7944 Convoy Court, San Diego, CA 92111  
Tele. (858) 571-9919 FAX: (858) 571-1641  
E-mail: [4info@cpaf.org](mailto:4info@cpaf.org)

World Dodgeball Federation  
Los Angeles, California  
Website: [www.worlddodgeballfederation.com](http://www.worlddodgeballfederation.com)

### Venue

RBC Convention Centre

### Entry Deadline

July 30, 2023

### Events List

Unisex: Open, 18+

Team rosters are limited to a minimum of six (6) and a maximum of twelve (12) players. One (1) non-playing coach is allowed.

Active competitors from police, fire and eligible first responder agencies may combine to form a team regardless of agency size **WITHIN A COUNTRY**.

Retired competitors may combine to form a team in any manner they wish with other eligible competitors whether police or fire. This includes cross country lines

### Sport Equipment

Game balls will be provided by the host.

**Uniforms** - Each team shall wear the same color shirts with a number of one or two digits unique from other players on the same team. The number 00 and 0 are not allowed

— WORLD —  
**POLICE & FIRE**  
— GAMES —

as they conflict with 'Box Score' and many other stats software. There is no penalty for incorrect or duplicate numbers.

To prevent injuries, it is recommended that players wear tennis/cross training shoes for the match.

## Competition Format

### Scheduling

In order to maximize the number of games played, the desired format is a round robin tournament followed by a double elimination medal round. See [Sport Schedule](#) for details.

### Awards

Medals are awarded from First through Third place (1st - 3rd).

## Sport Rules

There will be a maximum of six players per team on the court at the start of each game. The "starting" six players must play a full game unless an injury prevents one of the six "starting" players from competing.

Games will be over when all players from an opposing team have been ruled out.

There will be no more than six active players per team on the court at one time.

Play begins upon the head official's/referee's signal.

Teams will be on their designated side. All players must begin the game touching the back wall or line of their designated side.

### Definitions

**Live Ball:** A ball is considered a Live Ball after it has been thrown and remains a Live Ball until the:

- a) The ball touches a Dead Object
- b) Collides with another live ball in mid-air, or
- c) Has been caught by an active player on the opposing team

— WORLD —  
POLICE & FIRE  
— GAMES —

**Dead Object:** Anything that is not an active part of the match, i.e., the ground, ceiling, permanent fixtures (e.g., the scoreboard), dead players walking off the court, referees, spectators, or supporters. Unused balls (i.e., untouched by players) that are on or off the court are also considered to be Dead Objects and Dead Balls (see “Dead Ball” below)

**Dead Ball:** A ball that is no longer a Live Ball for any reason described in “Live Ball” above. Note: a ball that is blocked (see “Blocking” below) is not a Dead Ball until it touches a Dead Object.

**Out:** A player is Out if the player:

- a) Is hit by a live ball which subsequently touches a Dead Object
- b) Throws a Live Ball which is caught by a player on the opposing team; or
- c) Steps/touches the ground outside the designated boundaries for the match (see “Boundaries” below)

## The Game

The object of the game is to score points by eliminating all six players on the opposing team by getting the Out. This may be done by:

1. Hitting an opposing player with a Live Ball anywhere on their person, including their clothing, with such Live Ball subsequently hitting the ground or a Dead Object. A player that has been hit by a Live Ball is not Out until the Live Ball touches the ground or hits a Dead Object.

### Corollaries:

- a) If a Live Ball hits an opposing player and ricochets to strike another opposing player before hitting the ground or a Dead Object, then both players are Out.
- b) If a Live Ball is blocked by an opposing player (see “Blocking” below) and strikes another opposing player before hitting the ground or a Dead Object, then that player will be Out. However, if a ball blocked by an opposing player hits a player on the throwing team while still a Live Ball, the hit player on the throwing team is not out, but the ball is still a Live Ball which may yet be caught by the opposing team until it hits the ground or a Dead Object.
- c) If a Live Ball ricochets off a dead player exiting the court and hits another player, the ball is deemed a Dead Ball and the hit does not count.

— WORLD —  
POLICE & FIRE  
— GAMES —

- d) Since a player that has been hit by a Live Ball is not Out until that Live Ball touches the ground or hits a Dead Object, any action that the player performs following the hit, but before the first ball touches the ground or a Dead Object, will be deemed as “in play.”

**Example 1:** Two Live Balls are thrown at a player. The first ball hits and bounces in the air while the second ball is caught before the first ball hits the ground. The catch is deemed a good catch; however, the player is still Out the instant the first ball hits the ground.

**Example 2:** Player A throws a ball at Player B, but right before the ball hits Player B, Player B throws a ball at Player A. Both balls thrown are Live Balls and both players are Out if Player A got hit by Player B’s ball. Such is called a “double out”.

**Example 3:** If Players A and B are the last players remaining (i.e., there is a one-on-one) and there is a “double out,” the set will be awarded to the team whose last player died last, keeping in mind that a player is not Out until the ball that hit him/her hits the ground or a Dead Object. If Player A’s ball hits Player B before Player B’s ball hits Player A, but Player B’s ball hits the ground before Player A’s ball, Player A dies first and Player B’s team is awarded the set.

**Example 4:** Player A is hit by a Live Ball which bounces high into the air. Player A throws a ball at Player B while the ball that hit him/her is still in the air (i.e. before it hits the ground or a Dead Object). The ball thrown by Player A is still a Live Ball capable of getting Player B Out. A ball must be thrown to kill a player from the opposing team. In other words, the ball has to leave the hand and be airborne to be a Live Ball, so tagging a player with a ball in hand will not result in the opposing player being Out.

2. Catching a Live Ball thrown by your opponent before it touches the ground or a Dead Object. The instant a Live Ball is caught, the person who threw the ball is Out. To complete a catch, the catching player must have complete control of the ball and be touching the ground inbounds.

In addition, catching a Live Ball will revive ANY player that was eliminated in that set prior to the catch. The player that comes back into the court must be one of the original six players that started the set. If a player comes back into the court that wasn’t part of the starting six, then that team will lose the bonus of having a player revived.

— WORLD —  
**POLICE & FIRE**  
— GAMES —

**Note:** The revived player must re-enter the court from the baseline. The revived player is deemed active the instant he/she steps back onto the court

**Corollaries:**

- a) If a Live Ball ricochets off an opposing player and is caught by another opposing player before hitting the ground or a Dead Object, then both opposing players are safe and the player that threw the ball is Out.
- b) If a player trying to catch a Live Ball loses balance and falls out of bounds, walks out of bounds or is hit by a Live Ball which hits the ground or a dead Object before that player has complete control of the Ball, then it is not deemed a catch and that player is Out.
- c) If a player throws a ball and is hit and killed before his/her ball is caught by an opposing player, the catch still counts if the ball was still a Live Ball and the opposing team may revive a player. For the purpose of statistics, however, the kill would also count if the kill was completed prior to the catch.
- d) If a revived player does not re-enter the court from the baseline and is hit, that player is still out. The referees however have discretion to invalidate throws by revived players who do not re-enter the court from the baseline when doing so creates an unfair advantage.
- e) If a player is hit by a ball and steps off the court prior to that ball being caught by a teammate, that player is Out. That player or any other previously eliminated player may be revived by the catch, but only one player may return.
- f) If a Live Ball is thrown at an opposing player and is blocked or ricocheted back to the throwing team while it is still a Live Ball, catching that Live Ball does not constitute a catch.

**Blocking**

Players may use the ball(s) in their hands to block an incoming ball. A successful block is where the player retains control over the ball that is used to deflect the oncoming ball. If the player drops the ball used to block, the player is deemed Out even if the Live Ball did not otherwise hit that player. In instances where a player is using more than one ball to block and in doing so drops one or more balls used to block a Live Ball, the blocking player may still be out even if he/she drops a ball that was not used to block if that ball was dislodged directly or indirectly by the impact of the Live Ball. The referees have the final say on whether a ball was dislodged on account of a block.

— WORLD —  
POLICE & FIRE  
— GAMES —

**Example 1:** Player A is holding three balls, one in each hand and a third trapped between the other two. Player A attempts to block an incoming Live Ball with the ball in his/her right hand, but in doing so drops the third ball that was trapped. Even though the third/middle ball was not apparently hit by the Live Ball, the ball was dropped concurrently with and due to the impact of the Live Ball and Player A is Out.

**Example 2:** Player A is holding three balls when opposing Player B throws a Live Ball. Player A clearly drops one ball before using the other two balls to block Player B's Live Ball. Since Player A did not drop the ball due to the impact of the Live Ball.

**Example 3:** Player A is holding two balls and uses one ball to block an incoming Live Ball. The ball used to block the Live Ball was held out in front of Player A's face while Player A dropped the ball he/she was holding at his/her side at the time of impact. Since the dropped ball was not clearly a result of the impact of the Live Ball which was blocked, Player A is still alive. A blocked or deflected ball is still a Live Ball until it either touches the ground or a Dead Object, so a deflected ball that hits another player may still result in an Out if it hits another player, or is considered a catch if it is caught.

**Special Note:** Blocking is not available in Sudden Death. Balls that are blocked in Sudden Death will be deemed to have hit the person using a ball to block.

### **Boundaries**

Active players must remain within the boundaries, and should an active player step, fall or otherwise touch with any part of his/her body on or beyond the boundary lines, that player would be deemed as Out the instant s/he touches out of bounds. The forward boundary in a full-court game is the center line for men and the opposing team's attack line for women. The forward boundary in half-court games may vary by venue and should be confirmed in consultation with the game's referees in advance of any half-court match.

**Exception:** A player may legally step over the centerline only during the opening rush.

### **The Opening Rush**

Teams may only retrieve the three balls to the right of the centre hash on the opening rush. Once a ball is retrieved it must be taken behind the attack-line (see "The Court" above) before it can be legally thrown. Only the ball has to travel back behind the attack-

— WORLD —  
POLICE & FIRE  
— GAMES —

line, not the player. So a ball can be reached or passed back behind the attack-line and thrown as a Live Ball immediately, as long as the ball itself travels behind the attack-line. Any ball thrown before it crosses the attack-line is considered a Dead Ball and would not count towards a kill or a catch.

**NOTE:** *All players must have at least one foot touching the baseline when the referee blows the whistle at the start of each set. At the discretion of the referees, teams may be penalized for false starting or if they are deemed to have blatantly cheated by not having at least one foot on the baseline. Teams will receive one warning for false starting per half and any subsequent violation may result in a yellow card violation.*

### **Winning a Game**

The first team to legally eliminate ALL six players from the opposing team will be deemed the winner of the match. In a situation when neither team is apparently preparing to throw, which team is prompted to throw will be based on the following:

1. The team with more balls on their side of the court is obliged to throw first. Even if some balls are on the ground outside the boundary, the team is obliged to throw as long as more balls are on their half of the court.
2. If each team has three balls, then the side with more players on court is obliged to throw first.
3. If both teams have three balls, and the number of players on court is equal, then the team that threw last is excused from throwing and it is the opposing team's turn to throw. Once the referees have indicated who must throw first, the team that is required to do so has five (5) seconds to initiate a throw. Referees may penalize teams who are deemed to have taken an inordinate amount of time to make a throw. Penalties may include warnings, yellow cards, and/or the forfeiture of balls to the opposing team.

### **Sudden Death** (Only for the Single Elimination Tournament)

All the same rules apply in Sudden Death except that blocking is not available. Players using a ball to block a Live Ball will be deemed killed as soon as the blocked ball hits a Dead Object just as though the Live Ball had hit the player's body. Blocked/deflected Live

— WORLD —  
**POLICE & FIRE**  
— GAMES —

Balls may still be caught with normal consequences, however. The procedure for sudden death is as follows.

1. At the buzzer denoting the end of regulation play in either half, the game will stop. Any Live Balls released prior to the expiration of time in either half will remain Live Balls (i.e., these balls may still kill players or be caught with the normal consequences until such Live Ball becomes dead), however, any ball thrown after time expires will be deemed dead.
2. After the game has been stopped, the referees will redistribute the balls to the remaining players on each side so that each side has three balls.
3. Upon the referee's whistle, Sudden Death commences and runs until one team is eliminated (i.e., there is no prescribed time limit).

### **Exiting the Court When Out**

Once a player is deemed to be Out, he/she must leave the court in a timely manner from the nearest point of exit. If the player is still holding one or more balls when he/she is Out, the player is allowed to pass those balls onto his/her teammates. If a player is not in possession of a ball at the instant when s/he gets out, then that player is not allowed to touch any balls that may be on the court. At the discretion of the referees, a team may have a ball stripped from them and given to the opposing side, if an infraction occurs.

### **Timeouts & Substitutions**

Each team will be allowed a single 30-second timeout per match. This timeout can only be used if there is some ruling confusion or if a player on the court is injured. At this time a team may substitute any player to take an injured player's place, however, the injured player is not allowed to come back into the game for the rest of the half.

### **Rule Enforcement**

Rules will be enforced primarily by the "honour system". Players will be expected to act honestly and rule whether or not a hit was legal or whether they were legally eliminated. However, because of the fast-paced nature of the sport, sometimes a player would not feel a ball skimming their clothing or hair. There will be up to four game-officials (where available), whose responsibility will be to rule on any situation in which teams cannot agree.

— WORLD —  
**POLICE & FIRE**  
— GAMES —

### **The Games Officials' Decision is Final - No Exceptions**

Blatant dishonesty or failing to adhere to the officials' decision may result in penalties either during or after the match upon review.

### **Conduct During Matches**

Even though the nature of the sport of dodgeball is fast-paced and competitive, it is expected that each and every player act with sportsmanship and conduct that upholds the integrity of the game. A blatant case of poor conduct or sportsmanship will result in a player's expulsion from a match after which his/her team must carry out the rest of the sets in the match one player down.

Behaviour constituting misconduct includes, but is not limited to, the following:

- Fighting or attempting to assault another player
- Racist, sexist, or homophobic comments directed at the other team
- Rude verbal taunting
- Throwing a ball at an opposing player despite having been clearly called Out
- Intentionally inflicting pain or throwing a ball excessively hard at close distance at another player's face
- Excessive use of foul language
- Cheating
- Causing constant distraction to the game by a player that is not on court
- Squeezing and crumpling the ball before throwing it
- Kicking or spiking the ball

Misconduct during matches will lead to a yellow card or a red card for the player. Yellow cards act as a warning for the player for his/her conduct on court, and the team should be warned that two (2) yellow cards for the team, and the team will play one player short for the remainder of the match (see example below). Red cards are for serious misconducts during the match, and may be given without prior warning to the offense. Should a player get a red card during a match, he/she is ejected from the match and the team will continue playing one player short for the rest of the match. The player receiving the red card will further be suspended for his/her next match. Two yellow cards to the same player in the same match, equate to a red card, and that player will be ejected from the match. A player

— WORLD —  
**POLICE & FIRE**  
— GAMES —

receiving a yellow card in two consecutive matches will be suspended for his/her subsequent match.

### **Conduct for Team Supporters**

A team is accountable for the actions of their team supporters, ball retrievers, and spectators. Off-court players, coaches, ball retrievers / helpers, and supporters should not interfere with the match. Interference includes, but is not limited to:

1. Unnecessarily loud or abrupt sounds and actions aimed to distract
2. Rude gestures
3. Verbal insults to players
4. Physical contact with the other team's players, supporters
5. Inactive players entering the court
6. Providing unfair or undue assistance to active players by supporting active players' balance inordinately or pushing players off during the opening rush

If a team believes that their opponent or their helpers or supporters are unfairly interfering with the game, such team's captain may request that the referees issue a warning to the opposing team to discontinue the interfering behaviour. If the behaviour continues, the interfering team may be subject to penalty, including a yellow or red card. The referees will have discretion as to whether the behaviour does amount to interference and as to the appropriate penalty in the event a warning is issued but not heeded.

\*WPFG follows the [World Dodgeball Federation Rules](#)

### **Pre-Competition Meeting**

More information will be provided on the Confirmation Letter.

### **Players Conduct**

Any serious violation of conduct, such as fighting or violence toward players or officials will result in the player(s) immediate ejection from that game and his/her automatic suspension from his/her team's next scheduled game. The sport coordinator shall immediately notify the WPFGF, who will investigate each incident to determine if additional discipline will be imposed.
